Art Unit: 1612

Claims 2-9 are presented for examination.

The amendments and declaration filed on June 12, 2008 have been received and entered.

Claims 2-9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cotton et al. (WO 98/54171) in view of Murphy et al. "Sleep and Respiratory Complications of Gastroesophageal Reflux" : Practical Gastroenterology, vol. 17, 1993, pages 16-29 for the reasons set forth on pages 5-8 of the office action of December 19, 2007.

Applicant's arguments and declarations have been carefully considered, but are not deemed to be esomeprazole in improving sleep in patients suffering from GERD. To support such superior activity applicant refers to articles showing the more effective Intragastric suppression at 40 mg esomeprazole in comparison to the standard doses of other proton pump inhibitors. The arguments are not well taken, considering that all the proton pump inhibitors were not used at the same concentrations. It is expected that a proton pump inhibitor at a higher concentrations to have more effective intragastric acid suppression than the one with the lower concentrations. Furthermore, the presented data are not commensurate in scope with the claimed language. The data use the concentration of 40 mg of esomeprazole, however the claims are not limited to such concentration. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 2-9 are properly rejected under 35 U.S.C. 103(a).

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
